

A lived experience guide:

Providing meaningful care in a tier 4 setting

Developed as part of a pilot for the South East Regional Care Cooperative (Home and Future) this booklet grew out of a full-day workshop exploring the care resources and challenges faced by children and young people with complex experiences, and how services respond.

Written by the young people themselves, this booklet provides invaluable insight into the experience of young people in care and how best to meet their needs.

Come to our launch on:
2 September 2026
to find out more.
